FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety, Office of Attorney General, Department of Revenue,** and the **Office of State Auditor** assume the proposed legislation would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would not have a significant impact on the workload of the courts since a similar compact is currently being utilized.

Officials from the **Office of Secretary of State** assume the costs would be minimal and could be absorbed with existing resources.

Officials from the **Office of Administration (COA)** assume the proposed legislation would not result in additional costs or savings to their agency. The proposal assumes that COA is not the state agency that funds the fees and dues to the Interstate Commission, nor the operation of the State Council for Interstate Adult Offender Supervision.

Officials from the **Department of Corrections (DOC)** assume the proposed legislation replaces language which exists under Section 217.525 RSMo. However, DOC is unsure what decisions might be put into place by the Council and Commission established within this proposal; therefore, there is a potential for significant unknown costs.

Since a similar compact is currently being utilized, **Oversight** assumes this proposal will have no significant impact on DOC.

FISCAL IMPACT - Small Business

No direct fiscal impact on small businesses would be expected due to this proposal.

DESCRIPTION

The proposed legislation establishes the Interstate Compact for Adult Offender Supervision. Under this compact, an interstate commission is created. The commission's duties include establishing uniform procedures to manage the movement of adult offenders under community supervision between participating states; ensuring the opportunity for input and providing a timely notice to victims and jurisdictions where offenders are authorized to travel or relocate across state lines; establishing a uniform data collection system; monitoring compliance of interstate movement of offenders and initiating interventions to address noncompliance; and coordinating training programs regarding interstate movement for officials involved in such activities.

Each compacting state is responsible for supervision of adult offenders in their communities who are authorized by the compact to travel across state lines. Such responsibilities include tracking the location of offenders, transferring supervision, and returning offenders to originating jurisdictions.

This legislation is not federally mandated, would not duplicate any other program, and would not require additional capital improvements or rental space.
